OBJECTIVE

Computer Science Engineering student with basic knowledge of Java, Python, SQL, and Web Development. Passionate about software development and learning new technologies. Quick learner, adaptable, and seeking an opportunity to gain practical experience in a growth-oriented organization.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

VSB College of Engineering Technical Campus, Coimbatore
CGPA: 8.4

HSC - Class XII

Government Higher Secondary School, Coimbatore
Percentage: 87%

SSLC - Class X

Government Higher Secondary School, Coimbatore
Percentage: 87%

PROJECTS

1. Student Portal Management System

Tech: Java, Spring Boot, MySQL, HTML, CSS, JavaScript

- Developed a student portal with separate login pages for Students and Admin, providing role-based access to the system.
- Enabled students to submit their personal and academic details along with required documents through an online portal.
- Implemented a submission-lock feature that prevents students from modifying their details after final submission, while allowing Admin to view, update, and retrieve records.
- Provided functionality for teachers to retrieve student data and export records into Excel files for easy management and reporting.

SKILLS

- Programming: Java, C, Python
- Web: HTML, CSS, JavaScript, Spring Boot
- Database: MySQL, SQL
- Tools: Visual Studio Code, Git, GitHub

CERTIFICATIONS

- CSS (Basic) - HackerRank
- Python (Basic) - HackerRank
- Java - Infosys Springboard
